THE DEMOCRATS

Expect to Control the
Next Congress

WASHINGTON, D. C., Aug. 8.—In his recent visits to New York, Democratic Congressional Chairman Glick has gained the confidence of the regular party nomination are waiting.

The situation in Pennsylvania is very much to Democratic liking, so far as congressional matters are concerned. The congressional officials count that with good gains in New York and Pennsylvania, their chances of winning the next house would be excellent.

"We can meet 25 of the New York members, with but one Democratic ticket in the field," said an official in headquarters yesterday.

A difference of 10 or 12 votes in New York might easily decide the control of the house for the Democrats. With fairly amicable settlement of republican quarrels in Iowa, the Democrats have abandoned hope of winning back more than one district in that state, and are compelled to rely more than ever on victories east of the Mississippi, and even east of the Alleghenies. Tariff revision becomes more promising to the congressional committee by reports from Minnesota that nearly all the republican members, except Representative McHenry, refuse to make their contest for re-election on the stand-pat issue. It is stated here that Minnesota republicans will refuse to purchase the republican textbook because of the stand-pat declaration. It is expected to contain.

MURPHY FOR BRYAN.
NEW YORK, Aug. 8.—To endorse William J. Bryan for the Democratic presidential nomination in 1908, Chas. F. Murphy will issue a call for a special meeting of the Tammany general committee for next week. Announcement of this intention on the part of the Tammany leader convinced Democrats that Mr. Murphy's contrary to a belief which existed in some quarters, is heart and soul in the Bryan movement. Mr. Murphy also accepted an invitation yesterday to serve on the executive committee in charge of the arrangements for the Bryan reception.

Friends of Bryan decided yesterday to establish permanent Bryan headquarters in New York city, and to begin immediately systematically to boom him for President. With plenty of funds in sight, the new committee will begin to send out literature as soon as the Bryan reception is over.

800 DELEGATES

At National Convention
of the C. T. A. U.

PROVIDENCE, R. I., Aug. 8.—The national convention of the Catholic Temperance Union of America began today when a majority of the 800 delegates, many of whom have been in the city for several days engaged in committee work in connection with the convention assembled in Music Hall for the formal opening exercises. The delegates represent a membership of about 100,000 in the United States and they are headed by Bishop J. F. R. Conboy, of Pittsburgh, as president, while leading lights of the Roman Catholic church throughout the country are included in the list of those expected to participate in the deliberations.

Prior to the formal opening of the convention, a solemn pontifical mass was celebrated at the cathedral by Bishop Matthew Harkins, of the Providence diocese, who is the spiritual director of the Rhode Island branch of the C. T. A. U. In the absence of Rev. James H. Cleary of Minnesota, who was to have preached the sermon at this mass, but who was prevented from attending, it was announced that Rev. Walter Shanley, of Danbury, Conn., would deliver the sermon. Rev. Father Shanley, was formerly national president of the organization.

THE TERRORISTS

CONTINUE TO MAKE TROUBLE IN
WARSAW.

WARSAW, Russian Poland, Aug. 8.—The terrorists are continually attacking and robbing post-offices, government spirit shops, treasuries and the mails. The governor general has ordered that henceforth, the inhabitants of villages, communities and cities in or near which such crimes occur, shall pay the losses resulting from such robberies.

CARS HELD UP

By the Strike of 250
Switchmen

NEW HAVEN, Conn., Aug. 8.—Unless the strike of the 250 railroad switchmen of the New York, New Haven & Hartford railroad which went into effect yesterday is brought to a speedy ending, the loss to the company will be very heavy, as already there are several hundred cars in the various yards, many of which contain perishable goods. It is said that the railroad company has made an effort to bring men to town to take the places of the strikers, and few places have been filled.

There is a chance that the situation will be cleared up later in the day as it is said that the committee of the strikers will have another conference with General Manager Higgins. A statement was presented to the general manager yesterday by a committee of the men but no answer was received. Another attempt will be made today. Should this attempt fail the matter of a settlement will probably be taken up with President Mellen. The chief grievance of the men, it is said, is the severe policy that Yardmaster Blackall has adopted in regard to the treatment of his employees.

LOWELL MAN HURT

At Palmyra, N. Y., Has
Relatives Here

Supt. Moffatt received a letter today from St. Mary's hospital, Rochester, N. Y., saying that an old man named Michael Molloy was on the dangerous list there, having been injured in a railroad accident at Palmyra, N. Y. The letter states that Mr. Molloy, who is 75 years old, has two sisters, Mrs. Harry Fay and Miss Mary Molloy, living in Lakeview Avenue, this city.

JAMES A. GARLAND IMPROVED.
HANOVER, Mass., Aug. 8.—Great improvement was reported today in the condition of James A. Garland of New York who has been critically ill at the home here of Dr. L. Vernon Briggs. He responded quickly to stimulants today and his pulse had dropped from 150 to 115 while his temperature had gone down four degrees to 96. Owing to the weakened condition of his heart, however, no hope is entertained for Mr. Garland's ultimate recovery.

NATION'S HONOR

Above Punishment of Million
Criminals

NEW YORK, Aug. 8.—That the honor of the United States is of more importance than the punishment of a million criminals was the statement made by Judge Hough in the United States circuit court here yesterday in the famous case, *proceedings instituted on behalf of Charles C. Browne*. Browne was formerly employed in the customs service in this city and was extradited in Canada and taken to Sing Sing prison to begin a two-year term for conspiracy to defraud the government.

W. N. X. O'Leary, counsel for the prisoner, had claimed that the treaty of 1894 with Canada expressly provided that a man could not be tried for any other offense than for which he was extradited. Browne's seizure and incarceration, he said, were a gross violation of the treaty and a "heap John Dicks."

In taking the papers in the case and reserving decision, Judge Hough commented on the *Browne* decision in the United States supreme court, which was favorable to Mr. O'Leary, and it was in this connection that he spoke of the honor of the United States being of more importance than the conviction of criminals.

He said that his understanding of the *Browne* decision was that the supreme court had made much of the question of the honor of the United States in such matters. The court clearly intimated that the seizure of Browne might be construed as a trick to get him here for one thing and punishment for another, and that the Canadian authorities might so regard it.

"Were it not for the *Browne* decision, however, I will say now," declared Judge Hough, "that I would send Browne back to Sing Sing."

Some significance was attached to the fact that Charles Fox, counsel for St. Percy Sanderson, the British consul general here, was present during the hearing.

MRS. MacBRIDE

WAS GIVEN CUSTODY OF HER CHILDREN.

PAIDUS, Aug. 8.—The civil tribunal of the Seine today confirmed the decision granting Mrs. MacBride, known as the Irish Queen of Arcs, a judicial separation from her husband, Major MacBride, who was a prominent member of the Irish brigade of the Boer army during the war in South Africa, but the tribunal refused to grant her an absolute divorce on the ground of her Irish nationality. Mrs. MacBride was awarded the custody of her children. The major's cross had been overruled.

FOR EMPEROR'S CUP

COWES, Isle of Wight, Aug. 8.—Eighty yachts started this morning with a fine easterly breeze blowing in the race for Emperor William's cup, which after the contest for the king's cup, is the event of the greatest interest during the sailing week here. A special race was sailed between the *Navarra* and *Waverley*.

The Allenburys' Foods

That Babies Thrive On

The 'Allenburys' Foods are what every baby needs when the mother's milk fails. These foods make weak babies strong—save babies' lives. Babies thrive best on The 'Allenburys' Foods because this system of feeding is the nearest substitute to human milk, because the foods are adapted to the baby's stomach, not the stomach to the food. Your doctor will tell you that a baby's food should change as the child develops. A baby of six months needs different nourishment than the baby of one month. Nature provides for this in the mother's milk, but The 'Allenburys' Foods is the only system of artificial feeding where the food is adapted to the age and development of the child. This is a sensible argument and scientific fact. Try The 'Allenburys' Foods for your baby.

The 'Allenburys' Milk Food No. 1 for infants from birth to three months. The 'Allenburys' Milk Food No. 2 for infants from three to six months. The 'Allenburys' Malted Food No. 3 for use after six months of age.

The 'Allenburys' Foods are sold by all druggists. Ask your dealer for book "Infant Feeding and Management." If you cannot supply you, write us and we will mail you a copy free.

KING'S CUP

INITIAL EVENT PULLED OFF AT
NEWPORT

NEWPORT, R. I., Aug. 8.—No effort was spared by the New York Yacht club to make the initial King's cup race today a success and to fulfill the promise of King Edward VII for a continuous interest on this side of the water in the making of large yachts. Many of the fastest boats in the club, outside the 30-foot class, were on the list this morning, as well as the schooner *Amelia*, of the royal Nova Scotia Yacht club, making an entry of six schooner and eleven sails and masts for the event. Under the conditions the cup will forever be held by the New York Yacht club, to be sold for annually, and each yacht will have her name and that of her owner inscribed upon it, while in addition the winner will receive a medal or other trophy. The yachts are limited to those also built in America and to those of 30 feet or over for schooner and to 26 feet for sail.

The conditions of the meeting were not promising. A heavy thunder shower about midday was followed by a shift of the wind to the southeast, driving up from off shore considerable mist and fog. The following yachts were entered:

Schooners: *Queen*, *Elmhurst*, *Concom*, *Marble*, *Thompson*, *Amelia*, *Yacht*, *Vigilant*, *Shelby*, *Sloop*, *Barlow*, *Yankee*, *Wickham*, *Neola*, *Effort*, *Hester*, *Indira*, *Indie*, *Doris*.

The committee arranged to have the entire fleet sail in one class, the yachts being figured at 90 per cent of their racing measurement and the schooner at 50 per cent in order that they might compete on equal terms with the sloop. The committee held out four courses, two being of about 25 miles, and the others of about 35 miles, all starting from Freshet's reef lightship. It was also arranged to give the yacht a half of time in which to cross the line, the second two-minute handicap being extended to four minutes.

GREAT "HIKE"

FIRST MAINE REGIMENT ON
LAST LEG

GARDINER, Me., Aug. 8.—The first regiment, N. G. S. Me., broke camp here this morning and started on the final part of the march from Gardiner to Camp Cobb, taking the back route through Farmington, Bethel, and Augusta. Captain I. A. Mather, in command of the regiment, left at 10 o'clock, preceded the main column by 100 yards. The regiment was under command of Lieut. Col. E. E. Collins, Col. L. H. Kendall, going in advance of the regiment by train. Company L, Captain L. A. Mather, sent in advance, became an enemy and is expected to ambush the regiment at some point on the line of march during the day. The tactical maneuvers have been under the charge of Captain W. E. Ellis, U. S. A., stationed at Fort Williams, Portland. Tuesday night he established a camp of 100 men, supported by reserves, from company I and company L, and a torch combustion with orders to make a demonstration and return. Captain Ellis considers that the maneuvers have been successful and beneficial to the regiment.

MILLIONS LOST

NOTHING HEARD OF DR EVANS' ESTATE.

NEW YORK, Aug. 8.—What has become of the estate of Dr. Thomas W. Evans, a dentist, who died in Paris, Nov. 14, 1897, leaving more than \$500,000, in a question now seriously considered by his heirs. Their representative, Frederick R. Conder, declared yesterday before Judge Giegerich that nine years had elapsed and \$100,000 had been turned over to the French executors, but the executors had not shown what had been done with the property.

In behalf of the heirs, Mr. Conder argued in support of an application to compel the executors to permit an inspection of all records of the estate and mean time to prevent the destruction of any books or inventories. Judge Giegerich refused the motion.

CARD OF THANKS

We desire to thank our friends and neighbors for their acts of kindness, floral offerings and expressions of sympathy in our recent affliction caused by the death of our beloved husband and father, Richard Sullivan and Family.

SENT TO JAIL

MAN GOT \$5 ON A WORTHLESS CHECK

TAUNTON, Aug. 8.—John V. Gaudy, who secured \$5 on a check for \$5 subsequently found to be worthless, was arraigned in the district court this morning on charges of larceny and drunkenness, and at the close of the evidence was sentenced to jail for 30 days by Judge Austin, the condition for drunkenness being put on the Gaudy made little defense, and the police have been able to learn little about him.

He came to this city last Friday and represented himself as an agent for a concern which he called the New England shoe company. He went to William H. Gaffney, manager of McDonald's stable, and made arrangements to secure accommodations for horses and wagon. Then he tendered a check for \$5 drawn on the McDonald's national bank, payable to himself and signed by "Thomas H. Gaudy, Treasurer, N. E. Shoe company." He asked Mr. Gaffney to advance him \$5 on the check, but the latter declined. Then Gaudy went to the Alhambra house on Leonard street, kept by Mrs. William Green, and after making arrangements for the board of himself and three other men succeeded in inducing her to advance \$5 on the check. After he left, Mrs. Green became suspicious and went over to Mr. Gaffney who told her his own experience and advised that she had been deceived. Mr. Gaffney reported the matter to the police and Patrolman Hall placed Gaudy under arrest.

In court Pres. William C. Brewster of the Machinists' bank said the bank had no account with "Thomas H. Gaudy," that the check was worthless, and that it was written on one of the "Gaudy" checks left on a public desk for the convenience of patrons.

TOOK ACID

STEPHEN J. GODDARD COMMITTED SUICIDE

NEWPORT, R. I., Aug. 8.—Stephen J. Goddard, who has for many years been up to within a very short time been wandering at Commercial wharf here, the dwelling place of the Newport and Wickford strutters, committed suicide at his home on John street yesterday by drinking carbolic acid.

The body was not discovered until this evening, when the door of his room was found locked. John Martin of New York and his wife, who are staying at the home with Mr. and Mrs. Goddard during the summer, found the body of Goddard stretched out on the floor of the room.

DANNY MAHER

AMERICAN JOCKEY GOT A REVERSE

LONDON, Aug. 8.—In the Brighton stakes today (Thursday), ridden by Danny Maher, the American jockey, fell. Maher was badly shaken up, but was able to walk, though the pressure of the crowd was so great that it took seven minutes to get him to the paddock, about half a mile away.

Curiously, Maher now remembers nothing of this walk of of what happened after his horse fell. The jockey's shoulder is badly bruised, but he suffered no serious injury. It probably will be three weeks before he is able to ride again.

IN PRISON

EX-MAYOR BELCHER BEGINS HIS TERM

NEW YORK, Aug. 8.—Ex-Mayor William H. Belcher of Paterson, N. J., under sentence of 12 years' imprisonment for embezzlement and forgery, was taken yesterday from the county jail in that city to the state prison in Trenton.

His removal was conducted so quietly that it was hours before it became known in Paterson that he had been taken away. Belcher is lame from rheumatism, contracted during his year of wandering while a fugitive from justice. He will, for the present, be placed in the prison hospital.

Constipation, bowel irregularity, headache dyspepsia, torpid liver, bad kidneys, rheumatism, disorders incident to sedentary life, positively cured by Hollister's Rocky Mountain Tea, the greatest American remedy. Tea or Tablets, 35 cents. Pells & Burkhshaw, 418 Middlesex street, corner of Thorndike and Chestnut street.

6 O'CLOCK BATES FOR AGENT

Chosen by the Board of Health Today

Frederick A. Bates, inspector of contagious diseases, was appointed agent of the board of health, temporarily, at a special meeting of the board of health held this morning. This action was taken on account of the fact that Mr. Bates was yesterday adjudged unable to perform the duties as agent of the department.

The special meeting was called shortly after 11 o'clock. Chairman Huntress, informed the members of Mr. Bates' condition and said it would be necessary for the board to take some action towards appointing an agent. He said that Mr. Bates had been performing the duties of agent for some time and during Mr. Bates' absence at times he has attended to the duties.

Mr. Huntress spoke of having a

conversation with Charles H. Conant, a civil service commissioner, and the latter stated that the board could elect Mr. Bates as he is under civil service rules at the present time and also a veteran of the civil war.

The board then went into executive session and after about five minutes' conversation, the name of Fred A. Bates was presented and he was unanimously elected agent of the board of health.

MAYOR'S LETTER CITY HALL NEWS

Blocks Supt. Hosmer's
Hose Order

DONNELLY ORDERED
TO IGNORE

Requests From the
Heads of Departments

Mayor Casey this morning sent the following explanatory communication to Purchasing Agent Donnelly relative to the heads of departments, specifying where goods shall be purchased:

August 7, 1906.
James E. Donnelly, Chief Department of Supplies, Lowell, Mass.:

Dear Sir:—I have this day approved requisition No. 82,585, which calls for you to furnish to the fire department 2000 feet of C. C. C. 2 1/2 inch cotton jacket hose lined with the best Jersey car spring rubber, with Morse coupling. The requisition also bears the firm name of C. Callahan, Canton Junction, which, of course, means that the chief of the fire department wants the Callahan hose, and no other kind of hose.

I would respectfully advise that you ignore said request and purchase the hose in the open market. If the quality of the hose is up to the proper standard it makes no difference from what firm the hose is purchased, provided competition is allowed that the best price may be obtained.

Heads of departments are not permitted under the provisions of sections 3 and 5 of the city charter and amendments acts of 1896, to designate the firm name from which material and supplies shall be furnished.

I have observed that requisitions from different departments bear the name of certain firms from which it is desired that materials be purchased. Such requests should not be acceded to unless it is positively shown that the material and supplies wanted for use in the department cannot be purchased through competition.

Truly Yours,
JAMES B. CASEY, Mayor.

DOG FOUND

AND C. W. DEARBORN ROOMS THE
SUN'S LOST COLUMN.

George W. Dearborn of 85 Vernon street states that The Sun is the paper to advertise in if one wants quick results. A few days ago he lost a setter puppy and placed an advertisement in the "Lost" column of The Sun, intending to have it run three days. At the end of the second day he called at The Sun office to have the ad. taken out for he says he not only promptly received his own dog, but has been blessed by people with about every kind of a dog imaginable that had been picked up in different parts of the city. The dogs came so speedily that Mr. Dearborn for a time seriously considered starting a kennel show for lost dogs.

CARD OF THANKS.

We, the undersigned, hereby express our sincere thanks to our relatives and many friends for their kind assistance and their timely sympathy in our recent bereavement on the death of our beloved brother Michael McDonald and for the consolation thus afforded and for the beautiful floral tributes to the memory of deceased we are deeply grateful.
(Signed) Miss May McDonald,
Miss Margaret McDonald,
Miss Catherine McDonald,
Miss Elizabeth McDonald,
Mr. Hugh McDonald.

In Self Defense

Major Hamm, editor and manager of the Constitutionalist, Emphence, Ky., who was recently attacked, four years ago, by Pills, bought a box of Bucklen's Arnica Salve, of which he says "it cured me in ten days and no trouble since." Quickest healer of Burns, Sores, Cuts and Wounds. 25c at Goodale's and Falls & Burkhens' drug stores.

JAMES H. McCaffrey Passed Away in Boston Yesterday

THE LATE JAMES H. McCAFFREY.

Was Important Witness in the Grand Jury Liquor Investigation and Formerly Prominent in Labor and Political Circles

James H. McCaffrey, formerly in the liquor business in this city and more recently in the public eye as one of the most important witnesses in the recent grand jury investigation, died yesterday at 11:45 a. m. of myocarditis at the Boston city hospital, where he had been ill since July 4.

While he had been severely ill at times since entering the hospital there was hope held out for his ultimate recovery and the news of his death last evening came unexpectedly to his many friends in this city.

Mr. McCaffrey was 47 years of age and a native of New York city, coming here when but a poor boy and finding employment in the mills now controlled by the Bigelow Carpet company. Forced to go to work when quite young, his education was limited, but, nevertheless, he found time to educate himself to a certain extent and possessed of considerable native ability and great perseverance he soon impressed himself upon those about him and in time became well known and prominent.

He first became generally known as an advocate of organized labor, being a member of the Brussels Weavers' union and while of a modest, retiring disposition and adverse to publicity he was prominent in the inner circles and his counsel was sought after on matters of great import. In politics he was a staunch republican and ever ready with his purse or personal effort to help the party cause. He was a member of the republican city committee for several terms in former years and was a shrewd, far-seeing and hard-working campaigner.

In 1896 he presented a plan for the organization of workmen's protective league in Lowell to George W. Moore, then chairman of the republican city committee and the latter immediately went to his assistance and the league was formed with Mr. McCaffrey as its president, the latter being Mr. McCaffrey's personal choice. The league proved to be a most valuable acquisition to the local republican party.

Upon leaving the mill Mr. McCaffrey entered the liquor business and was quite successful until recently, when he lost his license and afterward gave up the business and returned to his former home in Lowell, where he died.

Several parties concerned in the liquor business, personally the deceased was of amiable disposition, generous to a fault and a firm friend, and his death will be widely mourned.

He is survived by his mother, a widow, and two beautiful children, Misses Mae Teresa and Anna Veronica McCaffrey.

The remains were removed to his home, 18 Sargent street by Undertaker Savage, last evening and the funeral will take place from the house at 8:15 o'clock Friday morning and solemn high mass will be held at 9 a. m. at St. Patrick's church.

ROBERT WELCH
Is Accused of Stealing a Handbag

Robert Welch, who claims to come from Lowell, was locked up at the police station last night. It is said that Welch stole a hand bag from one Peter Cyr. Cyr arrived in this city during the afternoon on a car from Salem. At the transfer station he forgot his baggage momentarily and left it behind. Welch made the most of his opportunity and picking up the bag disappeared it is said. A description of him was procured and later in the evening he was rounded up—Lawrence Sun.

HO! FOR THE BEACH.
Tickets for the Irish League picnic at Beverly tomorrow for sale at Carter & Sherburne's. Cars leave at 7:30 a. m. and 1:15 p. m.

LYNN TAX RATE.
LYNN, Aug. 8.—The Lynn tax rate is declared to day at \$17 on \$100. Last year the rate was \$15.40.

VIOLATED EIGHT-HOUR LAW.
WASHINGTON, Aug. 8.—A fine of \$25 in each case was levied against the Penn Bridge Co. and the District Construction Co., two corporations doing business in the District of Columbia, for violation of the eight-hour law. Both defendants pleaded guilty and under the promise of keeping within the law in the future a small fine was agreed to by District Attorney Baker.

SEVENTY BODIES
IN THE INTERIOR OF THE
SIRIO.

CARTAGENA, Spain, Aug. 8.—A diver participating in the salvage of the wrecked Italian steamer Sirio says he saw 70 bodies in the interior of the Sirio. The diver tried to help the salvage corps raise the safe of the steamer but was unsuccessful.

SCHOONER IN COLLISION.
NEW LONDON, Conn., Aug. 8.—The tug schooner Rebecca W. Huddell from St. John, N. H., for New York was in collision with the City of Taunton today, off Saybrook in the fog. The schooner was slightly damaged and the schooner lost all her head gear.

FOUND AT SEA.
OLCOTT, N. Y., Aug. 8.—Wm. Dickey who was believed to be lost with four other people on Lake Ontario in a disabled launch was found yesterday.

TEXTILE NOTES

Interesting Items From
Mill Centres

NEWBURYPORT, Mass., Aug. 8.—The three new looms recently installed in the mills of the Peabody Manufacturing Co. have been connected with the mills and are running satisfactorily. The managers are fast getting things into shape, and expect to have both mills running to their full capacity before winter. Two hundred and fifty looms have been kept busy during the time utilized in making the repairs. The product is all sold up months ahead, and the outlook for the future is very encouraging.

HAT PLANT STARTED.

DANBURY, Conn., Aug. 8.—The large factory of the North American Hat Co., known as the C. H. Merritt Hat Co., has been leased by D. L. Lewis & Co. after having been shut down for several months, and will be operated in connection with that firm's other factory, in this city. A portion of the factory has already been started up. The Lewis are non-union manufacturers, and have now a suit in the courts against the United Hatters of North America for damages on account of a boycott of the firm's goods.

BUILDING NEW MILL.

BURRILLVILLE, R. I., Aug. 8.—A large part of the foundation of the Haxton mill on Sayles avenue, has been built. The new mill is to be constructed to the sidewalk, and when it is erected, will change the appearance of the street greatly. The old Stone mill, which formerly stood upon the site, was more than 100 feet from the sidewalk, and the shade trees, which formerly stood between it and the street, have been cut down.

TO HAVE WOOLEN MILL.

HOLISTON, Mass., Aug. 8.—That Holiston is to have a woolen mill is now practically an assured fact. Albert A. Burleigh & Sons has offered to deed to the corporation a tract of land that is in every way suitable, near the R. & A. This land is to be given the corporation. The railroad company will build a spur, which will dispense with trucking, a matter of great expense, as the raw and finished material will be brought to and taken directly from the mill. Another indication that business men are satisfied that the proposition in a sound one is that \$15,000 has already been subscribed, and the committee has been but a few men. The mill will be built on the site of the old mill, and the capacity will be increased, but at first will run 10 sets. This means employment for more than 200 skilled help.

WAS STABBED

Knife Used in a
Street Row

James Nihilakos engaged in a street fight in Newburyport last night and was stabbed. He does not know who stabbed him. William Matatas was arrested for the offense, but was released later. The three men who assaulted Nihilakos are known to the police, and arrests may be made today.

SUICIDE BROKER

LEFT ONLY A FEW HUNDRED DOLLARS.

PHILADELPHIA, Pa., Aug. 8.—By those who knew him, William G. Rothmel, the broker who killed himself with cyanide of potassium 19 days ago, was supposed to be a wealthy man. His wife thought he was worth \$150,000 at least. His business associates figured his fortune at \$300,000. So far only a few hundred dollars have been found. Rothmel was a king among bluffers. His offices in the Mutual Life building cost him \$1200 a year, and the furniture is mostly solid mahogany. The man had the air of one who does nothing but chop off coupons.

Several days before he died, it was said today, Mrs. Rothmel expressed a wish for a motor car. No sooner said than her husband was looking over automobiles. His fancy picked a \$10,000 imported machine, and he tried it out. When he left the place he said he would send a check for it in a day or two. Of his own company, the Federal Commercial Investment Company and the Popular Brokerage Company, the former is closed up tight, but the latter is open for business, and trade was quite brisk today. Out-of-a-job agents of the Federal lingered around the hall outside and compared notes. Managers of nearly all the 13 branch houses scattered over the country had come to the city.

Most of these agreed that the Federal's scheme of selling five-year gold bonds for \$200 with \$300 paid on maturity was a perfect, legitimate business proposition. They attribute the failure to the heavy commissions and royalties paid to agents. About 1500 bonds were sold and one netted an agent \$10 paid on the spot. One of Rothmel's clerks said that the company was now and if \$5000 had been put in it would have ultimately come out a big winner. The capital was \$100,000, according to the prospectus. All of this was paid in, with \$15,000 surplus. Capital and surplus seem to have been mythical, however.

Miss Mamie Fitzgerald of New York city is spending the month of August with Mrs. Joseph McMahon of Chelsea food street.

OPPENHEIMER TONIC

Tones Up and Strengthens the
NERVOUS SYSTEM

without any of the bad after-effects which follow the use of stimulants and narcotics. Oppenheimer Tonic is no stimulant, but a real nerve food and nerve-tonic. It is composed of only the most healthfully nourishing ingredients, not a drop of opiate or narcotic. It is the grandest nerve remedy ever offered to mankind. Price 1¢ per bottle. Sold by Falls & Burkhens, drugists, 415 Middlesex St., Lowell, Mass.

WAS NOT SUITOR CALL IS ISSUED

Man Says Girl Proposed to Him
For Meeting of State Committee

MALDEN, Aug. 8.—Ex-postmaster Loden G. Hall of this city, who is the defendant in a breach of promise suit brought by Miss Lydia F. Miller of Medford, said yesterday there was absolutely nothing in it, and that the case is not causing him one iota of trouble. He says he met Miss Miller a few years ago in Medford while he was there on business in connection with some repairs on his house, and was taken suddenly ill. He was taken to the home of Mrs. Dr. Miller, mother of Miss Lydia. He said that while Dr. Miller treated him the daughter acted in the capacity of nurse, and it was in that way he became acquainted with her.

Mr. Hall says that he made a few trips to the Miller home after he had recovered, but he went there as a friend of the family and not as a wooer of the daughter. After Miss Miller went west they corresponded. His misadventure, he says, were brief, while the ones written by Miss Miller were plentiful to fill volumes. She frequently upbraided him for his brief epistles, and he would reply that he had nothing to write about that would interest her.

The ex-postmaster declares that after she returned from the west it was she who did the calling and was in the habit of visiting him nearly every day at his home on Washington street. He says he was finally obliged to tell her that she need not call so often, because she used to sit in his parlor three or four hours at a time, and he got tired of it.

She asked him to marry her more than 25 times, said Mr. Hall, "and I always told her that I had no desire to get married after having had one wife for 20 years. She sent five other persons to me to urge me to marry her."

Mr. Hall was emphatic in declaring his interest in Miss Miller was purely of a friendly nature and that he never gave her any reason in word or writing to consider that he was a suitor for her hand.

He says he has engaged Lawyer Charles F. Eddy to look after his interests, and that he means to fight the case to the end.

Mr. Hall was postmaster of Malden under President Cleveland's first administration, and he has been chairman of the democratic city committee. He has been a widower many years and now makes his home with his sister. He has a son in business in Boston.

Remember the date, August 9th, Old Orchard excursion, \$1.50 round trip via Boston & Maine railroad. Special train both ways.

SKULL CRUSHED

MAN CAUGHT HOLD OF A LIVE WIRE.

MEREDITH, N. H., Aug. 8.—Harry S. Woodman, local manager Meredith electric light company, was instantly killed by a live wire yesterday. He was fixing an arc lamp near the railroad station, when he fell to the ground, a distance of 15 feet, his skull crushed and his arm burned to the bone by the wire. Mr. Woodman was an expert electrician. He had remarked a few minutes before the accident that the power was on and he would have it shut off before proceeding with the work.

Porto Rican Coffee

We have all the notions regarding Coffee, and it's not easy to produce a blend that will suit everybody. But we seem to have such a blend. It's all coffee and pure coffee. If you don't like it you will be the first one. Try it.

As the tea kettle was the beginning of the steam engine, so the ordinary soda cracker was merely the first step in the development of the perfect world food Uneeda Biscuit.

A food that gives to the worker more energy of mind and muscle—that gives to the child the sustenance upon which to grow robust—that gives to the invalid the nourishment on which to regain the vigor of good health.

5c In a dust tight, moisture proof package.

NATIONAL BISCUIT COMPANY

Chairman Quincy of the democratic state committee sent out yesterday a call for a meeting of the state committee, to be held at the Revere hotel, August 17. This is the meeting at which the place and date for holding the state convention will be definitely fixed, the chairman and members at large of the committee on resolutions, nominating and the lists for the apportionment of delegates determined.

Already the state convention date has been tentatively settled. A refusal of Tremont temple, Boston, for Saturday, October 6, the day following the republican state convention, has been secured and in all probability the state committee will ratify the selection of that date. If the convention is held on October 6 it will have to be concluded and adjourned by 5 p. m. October 8 at 5 p. m. is the limit of time in which certificates of nomination of candidates by conventions can be filed with the secretary of state, and the law provides also that no certificates of nomination can be received unless 48 hours has elapsed between the adjournment of the convention and the expiration of time limit for filing. But a split in the ranks of a strenuous convention the state committee officials believe that the convention can transact all of its business in one day and get through by 5 o'clock in the afternoon.

Executive Sec. Bush of the democratic party has been busy in looking out the appointment of delegates. According to his tabulation, which will probably be accepted by the state committee, the convention will be entitled to 1065 delegates, 533 being necessary to a choice.

The 33 cities of the state will be entitled to 751 of the total number of delegates in the convention, leaving to the towns but 301 delegates in a full convention. But in a large number of towns, approximately 100, although probably short of that, according to Mr. Bush, there will be no representation in the convention for the reason that the democracy has no organization in these towns, and it will be impossible to issue credentials. This being a fact, the cities will have a great preponderance of delegates in the convention, Boston alone being entitled to 232.

The apportionment of delegates to the various cities on the basis as worked out by the executive secretary is as follows: Beverly 6, Boston 232, Brockton 18, Cambridge 34, Chelsea 9, Chicopee 7, Salem 12, Somerville 13, Pittsburg 8, Gloucester 5, Haverhill 7, Holyoke 16, Lawrence 23, Lowell 32, Lynn 22, Malden 9, Marlboro 7, Medford 12, Melrose 7, New Bedford 13, Newburyport 6, Newton 8, North Adams 7, Northampton 7, Pittsfield 13, Quincy 12, Salisbury 12, Springfield 17, Taunton 4, Waltham 9, Woburn 9, Worcester 34.

LATEST RAIDERS CAUGHT

Story of Killing of Japanese Poachers

NEW YORK, Aug. 8.—Further details of the killing of five Japanese poachers in the Pribilof islands are contained in a special to the Herald, dated Dutch Harbor, Alaska, July 26, via Seaward, Alaska, Aug. 7, which says:

Five Japanese were shot and killed on the island of St. Paul of the Pribilof group, by order of the agent of the department of commerce and labor on July 17, as the result of a raid by four Japanese schooners on the seal rookeries.

The revenue cutter McCullough reached here today from St. Paul with 12 prisoners, two seriously wounded, who were turned over to Deputy Marshal Harmon. The raiders were discovered lying near Northeast Point, St. Paul, by native lookouts of the North American Commercial Co., which leases the seal privilege from the government. Word was telephoned from the patrol station near the rookery, in which the raiders were aiming, and Special Agent Lampe of the department of commerce, on duty in the Pribilof islands, arrived on the spot as the Japanese reached shore. He ordered the boat crew to surrender, which they did.

On climbing the promontory at the end of the pier overlooking one of the larger rookeries, a looking was seen close in shore. A schooner straight down the cliff, the Japanese were ordered to surrender, which they did.

The raiders refused to surrender when Lampe reached the scene, and tried to make off with their booty in small boats, several of which were drawn up on shore. The agent then ordered his guard of natives to open fire. The Japanese offered no resistance, being without firearms.

Three of the men fell dead on the beach, a fourth was seen to be thrown overboard from one of the boats that escaped, and a fifth body drifted ashore later in another boat.

The men had killed more than 200 seals, many of them cows. Those who escaped carried away about 120 skins. The raid is believed to have been a concerted effort by the Japanese, who have been hanging around the island for months and giving the revenue cutter much trouble.

The Tokwa Maru, a schooner, was overhauled by the cutter Perry on July 5, off the new volcanic island which rose near Bristol, 40 miles from here last March. She was crowded with Japanese, but no seal skins were found aboard. The schooner, Capt. Dunwoodie of the Perry, was arrested, and he proceeded to the Pribilof at once, but a dense fog set in and lasted until the Perry returned here, on July 16. The McCullough reached the islands on July 20, and took charge of the prisoners. Besides the Tokwa Maru, the schooner Hosen Maru is known to have been in the raid last autumn. Japanese were found fishing and trading with the natives on the island of Attu, the westernmost in the Aleutian group, and were routed by the patrols.

The raid was supposed to have been planned by Alex. McLean, who was known to be in Victoria, B. C., last winter, but left there for parts unknown in the early spring.

Many prisoners were taken just after the raid, but were allowed to return to their vessels, as the guard was considered insufficient to control so many. The prisoners buried their own dead on the beach.

The Perry is now temporarily out of business. This leaves the patrol short of vessels, and the islands unprotected. The Thais is in the Arctic, the Bear out of Nushagak, Bristol Bay, the Bear out of commission, and the McCullough under orders to proceed to Sitka to take on board the governor of the district and Capt. Combs, now at St. Paul, on Kodiak Island.

The prisoners left on July 25 on the monthly mail steamer for Valdez, where the case of the second judicial district, in which the seal islands lie, sits in August. The charge will probably be piracy.

DESPATCH SENT TO WRIGHT. WASHINGTON, Aug. 8.—Acting Secretary of State Bacon has sent to Ambassador Wright at Tokyo the substance of the dispatch received by the department of commerce and labor regarding the killing of Japanese fishermen on St. Paul Island. Mr. Bacon states that the dispatch is forwarded for the purpose of giving information such as this government has of a regrettable incident, news of which may reach Japan in distorted form. There is no intention of offering an apology or any further secret than is contained in this dispatch as the state department regards the Japanese fishermen as poachers. If they were within the three-mile limit and the dispatch from Mr. Sims emphasizes this fact. It is stated that the American fishermen in the Pribilof islands, if within the three-mile limit, would be subject to arrest by British authorities and would have no redress, as they would be poachers, the same as the Japanese who were killed on St. Paul Island.

The following contains the main features of the dispatch of Special Agent Lampe to the department of commerce and labor and which was cabled by Acting Secretary Bacon to Ambassador Wright at Tokyo:

Four seal rookeries on Saint Paul Island were raided by crews of Japanese schooners July 16 and 17. About 200 seals were killed, but the raiders were eventually repulsed as a result of courageous action of Chief Agent Lampe and Assistant Agent Judge, at the head of native guard. Five raiders were killed and 12 captured. Three boats and some small arms also captured. Four Japanese fishermen suffered no casualties. The schooners were first observed on July 16 and were close to shore, nearly within three-mile limit. On this day boats crew of six men which landed at north-

east point were surprised and captured by Agent Lampe and native guards without casualty on either side. On the morning of July 17, two native watchmen shot and killed two and wounded one of an armed landing party. Crews of schooners, under protection of a dense fog, shot seals in water close to shore most of day. During the time shooting being which could be easily heard from shore were frequent. Japanese from many boats were killed in this manner, a number must have been considerably on evening of some day, crews of at least three schooners made concerted raids on widely separated rookeries. Said on Saint Paul rookeries was repulsed by native guard after considerable firing. Raid on Northeast Point was initially successful, being to dense fog raiders were not discovered there until nearly 200 seals had been killed. This raid which was apparently participated in by an entire ship's crew in five boats was repulsed by Agent Lampe. Judge and native force only and three of the raiders were killed and five captured. Most of seals killed on shore by raiders were pregnant females with nursing young, few days old, which died of starvation. Large proportion of those killed in water also females in search of food for young. Some of the raiders taken state they are from schooner Toyoi Maru, No. 2, and one of the captured boats bore the name of Toyoi Maru. States he is from schooner Mei Maru. At least eight or ten schooners he believed to be Japanese, are sailing in close proximity to islands. The 12 prisoners were taken on cutter McCullough to Kodiak and after hearing before commander was held for jury and taken in charge by marshal.

The Japanese charge, Mr. Miyakita, called at the state department today for information about the killing of the Japanese. He had received no dispatches from his government and Acting Secretary Bacon gave him the same information which was sent to Ambassador Wright.

Seals are recognized as property by international law and the Japanese killed by the American officials in St. Paul Island stand in the same position as burglars shot in the act of stealing according to the authorities on international law. No international incident can result from this affair. It is said at the state department that the government has no amendments to make to Japan other than those that courtesy may prompt, and a mere expression of regret that such an incident should take place is all that can be looked for.

CHURCH AFFAIRS

To Be Conducted By Religious Associations

PARIS, Aug. 8.—La Croix, the semi-official organ of Cardinal Richelieu, archbishop of Paris, referring to the pope's decision regarding the attitude of the clergy towards the law providing for the separation of church and state says it is not an approval of church association nor of the formation of Canonical associations conformable with the law, adding:

"We believe the pope rejects purely and simply the formation of religious associations as prescribed by the law to conduct the affairs of the church."

GOVERNOR FOLK WAS IN A RAILROAD ACCIDENT.

ARMOUR, Mo., Aug. 8.—Gov. Folk of Missouri was a passenger on a Missouri Pacific train which collided with another passenger train here today but he escaped injury. The only one was won by the latter.

THE NYRIA WON. COWES, Isle of Wight, Aug. 8.—A special race was sailed between the Nyria, White Heather and Nyria and was won by the latter.

STRIKE ENDED. MOSCOW, Aug. 8.—The strike here is virtually ended. The prefect of police has ordered the proprietors of factories to refuse to pay the strikers for the time the factories were closed.

ALMOST BEATEN TO DEATH. KIEV, Russia, Aug. 8.—The peasants of the village of Graveloff have been almost beaten to death by a member of the out-lawed parliament, who would not explain to their satisfaction why he returned home without obtaining the land and liberty he had promised them.

ICE INQUIRY HAS BEEN BEGUN BY DISTRICT ATTORNEY JEROME.

NEW YORK, Aug. 8.—The investigation into the price of ice in this city was begun by District Attorney Jerome and the grand jury today. Mr. Jerome and Assistant District Attorney Smythe entered the grand jury room hearing books and papers relating to the inquiry. It was reported that among the first witnesses to be examined was Wesley M. O'Leary, president of the American Ice company.

WANT MORE PAY. HALIFAX, N. S., Aug. 8.—The wharf laborers here are on strike for an increase of wages.

SHOT A DEPUTY PULLIAM

Man Complained He Was Tortured

NEW YORK, Aug. 8.—President Harry C. Pulliam of the National League today made the following statement concerning the dispute over umpires at the Pribilof islands in the city yesterday.

The New York Chicago game, which was postponed on Monday, was held on Tuesday at 2 o'clock and Pulliam has been satisfied and content. I uphold the action of the umpires absolutely and if I am not satisfied by the National League board of directors, I will not only resign my position as president of the National League, but I will quit professional baseball forever. I am a National League man through and through and will never serve another organization. It has always been my ambition to one day own a National League franchise, but it has not been my luck and I am not going to be pulled by the oldest professional baseball organization in America. I wouldn't have the best franchise in the National League as a gift.

I won't discuss my proposed assignment of umpires. I have no say in it. I am only a spectator and know only to me and my staff of umpires. But they will be on hand for the game this afternoon and the team will play unless weather conditions prevent.

TEAMS WILL PLAY

NEW YORK, Aug. 8.—The game scheduled to be played in this city yesterday between the New York and Chicago teams of the National League was postponed because of the trouble at the Polo grounds yesterday, and only adverse weather conditions or a forfeit will be permitted to interfere with the contest, according to a statement given out by President Pulliam of the league today.

So far as yesterday's game is concerned, Mr. Pulliam has upheld the decision of the umpires in declaring the game forfeited to Chicago and says that in event of his decision not being upheld by the National League board of directors he will resign his position and quit professional baseball forever.

MAD DOG

MADE AN ATTACK ON 20 CHILDREN.

NEW YORK, Aug. 8.—A bull dog, owned by Mrs. Quirk, of Clinton street, was killed yesterday by the intense heat, caused a panic among 20 small children, playing in the street yesterday afternoon.

The timely arrival of Patrolman Lake saved the little ones. He was twice bitten in the hand while holding the animal at bay, while the children were being taken to safety. After a fight which lasted for several minutes he shot the animal six times.

The children ranged in age from three to seven years. They did not see the mad monster until he was almost on them, when they screamed in terror. The dog lunged at several, tearing their dresses and barely missing their faces.

Lake ran to the rescue, knocking the animal over with a small club. The dog turned on his new enemy, fastening his teeth in Lake's right hand. He twice sprang to the attack before he was killed.

JEWELS STOLEN

T. P. THORNE'S PARIS HOUSE WAS ROBBERED.

PARIS, Aug. 8.—During the absence of Thomas P. Thorne, an American, from his residence, 12 Place Vendôme, the latter requested a sweep to send trustworthy men to clean the chimneys. Some time later men claiming to be sweeps arrived at the house and prepared to perform their work.

Subsequently the butler went to a room to which his business did not call them, and he ordered them out. He thought no more of the matter until noon, when a foreman called and asked if the men worked well. The butler asked if they were not old hands, and on being informed that they were not he became suspicious that they were thieves, and going to the room from which he had driven them found that a quantity of jewelry had disappeared.

The foreman assisted the butler in arresting the thieves, who were taken to the police station. On the way one of the men, called Petit Jewel, tried to throw away some jewelry, which was recovered. When they were searched jewelry to the value of 40,000 francs were found upon them.

WRIT REFUSED TO STAY PROCEEDINGS IN FRANCHISE ELECTION.

DENVER, Colo., Aug. 8.—Justice George W. Bailey of the state supreme court today refused the writ sought by the Denver City Tramway Co. and the Denver Gas & Electric Co. to stay proceedings in the franchise election contest in the Denver county court.

Sheriff Alexander Nisbit thereupon personally took possession of the ballot boxes which the city election commission had refused to surrender last night on the order of County Judge Lindsey and the hearing was resumed in the county court.

WOMAN'S PLEA

WANTED TO ATTEND HUSBAND'S FUNERAL.

NEW YORK, Aug. 8.—Charged with killing her husband, Thomas Dooner, with an axe, Mrs. Catherine Dooner of 213 Myrtle avenue, Williamsburg, was arraigned yesterday in the Lee avenue police court, before Magistrate Sier, with James Campbell and William McKinley as alleged accomplices.

Mrs. Dooner created a scene in the courtroom by declaring she was innocent of any connection with the murder. She added that she never struck her husband with the axe, and that Campbell and McKinley must have committed the crime. She begged Magistrate Sier to set her free so that she could arrange for her husband's funeral. He committed all three to await the action of the coroner.

THREW A BOMB.

SONOWICK, Russian Poland, Aug. 8.—A bomb was thrown today into a crowded waiting room at the railway station. One man was killed and a number were wounded. In the confusion, a woman was killed and a child was injured. The bomb was thrown from a crowd of people. The police are investigating the case.

THE DEMOCRATS

Expect to Control the
Next Congress

WASHINGTON, D. C., Aug. 8.—In his recent visits to New York, Democratic Congressional Chairman Gilkes has gained the confidence of the party prospects for the regular party nomination are promising.

The situation in Pennsylvania is very much to Democratic liking, so far as congressional matters are concerned. The congressional officials count that with good gains in New York and Pennsylvania, their chances of winning the next house would be excellent.

"We can elect 25 of the 35 New York members, with but one Democratic ticket in the field," said an official in headquarters yesterday.

A difference of 10 or 12 votes in New York might easily decide the control of the house for the Democrats. With fairly favorable sentiment of republican quarters in New York, the Democrats have abandoned hope of winning back more than one district in that state, and are content to rely more than ever on victories east of the Mississippi, and even east of the Alleghenies. Tariff revision became more promising to the congressional committee by reports from Minnesota that nearly all the republican members, except Representative McHenry, refuse to make their contest for re-election on the stand-pat issue. It is stated here that Minnesota republicans will refuse to purchase the republican textbook because of the stand-pat declaration. It is expected to contain.

MURPHY FOR BRYAN.

NEW YORK, Aug. 8.—To Indorse William J. Bryan for the democratic presidential nomination in 1908, Chas. F. Murphy will issue a call for a special meeting of the Tammany general committee for next week. Announcement of this intention on the part of the Tammany leader convinced democrats that Mr. Murphy, contrary to a belief which existed in some quarters, is heart and soul in the Bryan movement. Mr. Murphy also accepted an invitation yesterday to serve on the executive committee in charge of the arrangements for the Bryan reception.

Friends of Bryan decided yesterday to establish permanent Bryan headquarters in New York city, and to begin immediately systematically to begin him for President. With plenty of funds in sight, the new committee will begin to send out literature as soon as the Bryan reception is over.

800 DELEGATES

At National Convention
of the C. T. A. U.

PROVIDENCE, R. I., Aug. 8.—The national convention of the Catholic Total Abstinence Union of America began today when a majority of the 800 delegates, many of whom have been in the city for several days engaged in committee work in connection with the convention assembled in Music Hall for the formal opening exercises. The delegates represent a membership of about 100,000 in the United States and are headed by Bishop J. P. R. Canavan, of Pittsburgh, as president, while leading lights of the Roman Catholic church throughout the country are included in the list of those expected to participate in the deliberations.

Prior to the formal opening of the convention, a solemn pontifical mass was celebrated at the cathedral by Bishop Matthew Harkins, of the Providence diocese, who is the spiritual director of the Rhode Island branch of the C. T. A. U. In the absence of Rev. James H. Cleary of Providence, who was to have preached the sermon at this mass, but who was prevented from attending, it was announced that Rev. Walter Shanley, of Danbury, Conn., would deliver the sermon. Rev. Father Shanley, was formerly national president of the organization.

THE TERRORISTS

CONTINUE TO MAKE TROUBLE IN
WARSAW.

WARSAW, Russian Poland, Aug. 8.—The terrorists are continuing attacking and robbing postoffices, government spirit shops, treasuries and the mails. The governor general has ordered that henceforth the inhabitants of villages, communities and cities in or near which such crimes occur, shall pay the losses resulting from such robberies.

CARS HELD UP

By the Strike of 250
Switchmen

NEW HAVEN, Conn., Aug. 8.—Unless the strike of the 250 railroad switchmen of the New York, New Haven & Hartford railroad which went into effect yesterday is brought to a speedy ending, the loss to the company will be very heavy, as already there are several hundred cars in the various yards, many of which contain perishable goods. It is said that the railroad company has made an effort to bring men to town to take the place of the strikers, and few places have been filled.

There is a chance that the situation will be cleared up later in the day as it is said that the committee of the strikers will have another conference with General Manager Higgins. A statement was presented to the general manager yesterday by a committee of the men but no answer was received. Another attempt will be made today. Should this attempt fail the matter of a settlement will probably be taken up with President Mollen. The chief grievance of the men is said to be the severe policy of General Manager Higgins adopted in regard to the treatment of his employees.

LOWELL MAN HURT

At Palmyra, N. Y., Has
Relatives Here

Supt. Moffatt received a letter today from St. Mary's hospital, Rochester, N. Y., saying that an old man named Michael Molloy was on the dangerous list there, having been injured in a railroad accident at Palmyra, N. Y. The letter states that Mr. Molloy, who is 75 years old, has two sisters, Mrs. Harry Fay and Miss Mary Molloy, living in Lakeview avenue, this city.

JAMES A. GARLAND IMPROVED. HANOVER, Mass., Aug. 8.—Great improvement was reported today in the condition of James A. Garland of New York who has been critically ill at the home here of Dr. L. Vernon Briggs. He responded quickly to stimulants today and his pulse had dropped from 150 to 115, while his temperature had gone down four degrees. Owing to the weakened condition of his heart, however, no hope is entertained for Mr. Garland's ultimate recovery.

NATION'S HONOR
Above Punishment of Million
Criminals

NEW YORK, Aug. 8.—That the honor of the United States is of more importance than the punishment of a million criminals was the statement made by Judge Hough in the United States circuit court here yesterday in the latest corpus proceedings instituted on behalf of Charles C. Browne.

Browne was formerly employed in the customs service in this city and was extradited to Canada and taken to Sing Sing prison to begin a two-year term for conspiracy to defraud the government.

W. N. X. O'Leary, counsel for the prisoner, had claimed that the treaty of 1889 with Canada expressly provided that a man could not be tried for any other offense than for which he was extradited. Browne's seizure and incarceration, he said, were a gross violation of the treaty and a "cheap John take."

In taking the papers in the case and reserving decision, Judge Hough commented on the Rauscher decision in the United States supreme court, which was favorable to Mr. O'Leary, and it was in this connection that he spoke of the honor of the United States being of more importance than the conviction of criminals.

He said that his understanding of the Rauscher decision was that the supreme court had made much of the question of the honor of the United States in such matters. The court clearly intimated that the seizure of Browne might be construed as a trick to get him here for one thing and punish him for another, and that the Canadian authorities might so regard it.

"Were it not for the Rauscher decision, however, I will say now," declared Judge Hough, "that I would send Browne back to Sing Sing."

Some significance was attached to the fact that Charles Fox, counsel for Sing Sing prison, was present during the hearing.

Special Assistant United States Attorney-General William Smith, arguing against the writ, said that "treason was not made for the benefit of criminals" and insisted that there was no violation of the treaty. Browne was taken back to Sing Sing prison.

Browne was convicted of conspiring to defraud the government, and was sentenced to two years in prison. He jumped a \$12,500 bail bond and fled to Canada. Extradition was refused on the conspiracy charge, but Browne was finally extradited and awarded a charge of being a fugitive from justice. His attorneys expected that he would first be brought to New York, but instead he was taken direct to Sing Sing prison.

The Allenburys' Foods

That Babies Thrive On

The 'Allenburys' Foods are what every baby needs when the mother's milk fails. These foods make weak babies strong—save babies' lives. Babies thrive best on The 'Allenburys' Foods because this system of feeding is the nearest substitute to human milk—because the foods are adapted to the baby's stomach, not the stomach to the food. Your doctor will tell you that a baby's food should change as the child develops. A baby of six months needs different nourishment than the baby of one month. Nature provides for this in the mother's milk, but The 'Allenburys' Foods is the only system of artificial feeding where the food is adapted to the age and development of the child. This is a sensible argument and scientific fact. Try The 'Allenburys' Foods for your baby.

The 'Allenburys' Milk Food No. 1 for infants from birth to three months. **The 'Allenburys' Milk Food No. 2** for infants from three to six months. **The 'Allenburys' Malted Food No. 3** for use after six months of age.

The 'Allenburys' Foods are sold by all druggists, ask your dealer to look up latest literature and send it to you. If he cannot supply you, write us and we will mail you a copy free.

KING'S CUP

INITIAL EVENT PULLED OFF AT
NEWPORT.

NEWPORT, R. I., Aug. 8.—No effort was made by the New York Yacht club to make the initial king's cup race today a success and to fulfill the promise of interest on this side of the water in the yachting of large yachts. Many of the fastest boats in the club, outside the local group, were on the list this morning, as well as the schooner Amoretta, of the local Nova Scotia Yacht club, making an entry of six yachtsmen and eleven sails and spinnakers for the event. Under the conditions the race will be held by the New York Yacht club, to be sailed for annually, and each yacht will have her name and that of her owner inscribed upon it, while in addition the winner will receive a medal.

The conditions this morning were not promising. A heavy thunder shower about sunrise was followed by a shift of the wind to the southeast, driving up from off shore considerable mist and fog. The following yachts were entered:

Schooners: Queen, Ethna, Corona, Marvel, Tarentula, Albatross, Yachts: Vigilant, Scharlin.

Sloops: Rainbow, Yankee, Westland, Noddy, Effendi, Boston, Tootie, Bobbie, Dark.

The committee arranged to have the races start at 10 o'clock, the yachts being figured at 35 per cent of their racing measurement and the schooner at 45 per cent in order that they might compete on equal terms with the sloops. The committee laid out four courses, two being of about 35 miles, the other two of about 25 miles, all starting from Brenton's reef lightship. It was also arranged to give the yacht plenty of time in which to cross the line, the usual two-minute handicap being extended to four minutes.

GREAT "HIKE"

FIRST MAINE REGIMENT ON
LAST LEG.

GARDNER, Me., Aug. 8.—The first regiment, N. G. M., broke camp here this morning and started on the final part of the march from Gardner to Camp Cobb, taking the back route through Farmington, Hallowell and Augusta. Company I, an advance guard under the command of Lieut. M. J. Hogan, preceded the main column by two yards. The regiment was under the command of Lieut. J. E. O'Leary, and Lieut. J. E. O'Leary, going in advance of the regiment by boat. Company I, Captain J. A. Mulhern, sent out in advance, becomes an enemy and is expected to ambush the regiment at some point on the line of march during the day. The "hike" commenced here under the command of Capt. W. E. Ellis, U. S. C. A., stationed at Fort Williams, Portland, Tuesday night he established "check-out" posts, supported by reserves from company I and company L, had a racing commission with orders to make a demonstration and return to the "hike" campers. That the marchers have been successful and beneficial to the regiment.

MILLIONS LOST

NOTHING HEARD OF DR. EVANS' ESTATE.

NEW YORK, Aug. 8.—What has become of the estate of Dr. Thomas W. Evans, a dentist, who died in Paris, Nov. 14, 1897, leaving more than \$2,000,000, is a question now seriously considered by his heirs. Their representative, Frederic R. Condit, declared yesterday before Judge Gleason that nine years had elapsed and \$2,000,000 had been turned over to the French executor, but the executor had not shown what had been done with the property.

In behalf of the heirs, Mr. Condit argued in support of an application to compel the executor and trustees to permit an inspection of all records of the estate and mean time to prevent the destruction of any books or inventories. Judge Gleason reserved decision.

CARD OF THANKS.

We desire to thank our friends and neighbors for their acts of kindness, floral offerings and expressions of sympathy in our recent affliction caused by the death of our beloved husband and father, Richard Sullivan.

Mrs. Richard Sullivan and Family.

Don't Wait Till They Bite

Howard's Dead Fly quickly and permanently kills the household of such pests as ants, fleas, roaches, mites and bed-bugs. A quarter for a pint bottle of most any drug store, only insist on Dead Fly. HOWARD'S. The Bug-Killer, 107 Central St. Open till midnight.

SENT TO JAIL

MAN GOT IS ON A WORTHLESS
CHIEF.

TAUNTON, Aug. 8.—John P. Gandy, who secured \$2,000 a check for the subscription to the Taunton Free Press, was arraigned in the district court this morning on charges of larceny and drunkenness, and at the close of the evidence was sentenced to jail for six days by Judge Austin, the complaint for drunkenness being put on file. Gandy made little defense, and the police have been able to learn little about him.

He came to this city last Friday and represented himself as an agent for a concern which he called "The New England shoe company." He went to William H. Gaffney, manager of McDonald's stable, and made arrangements to receive accommodations for horses and wagon. Then he tendered a check for \$5 drawn on the Massachusetts national bank, received at himself and signed by "Thomas P. Condit, Treasurer, N. E. Wire company." He asked Mr. Gaffney to advance him \$5 on the check, but the latter declined. Then Gandy went to the Albin house on Leonard street, kept by Mrs. William Green, and after making arrangements for the board of himself and three other men, succeeded in inducing her to advance \$5 on the check. After he left Mrs. Green became suspicious and went over to Mr. Gaffney who told her his own experience and advised that she had been swindled. Mr. Gaffney reported the matter to the police and the Albin Hall closed Gandy under arrest.

In court Fred William C. Davenport of the Merchants bank said the bank had no account with "Thomas P. Condit," that the check was worthless, and that it was written on one of the "fantasy" checks left on a public desk for the convenience of patrons.

TOOK ACID

STEPHEN J. GODDARD COMMIT-
TED SUICIDE.

NEWPORT, R. I., Aug. 8.—Stephen T. Goddard, who has for many years lived up to within a very short time been wintering at Commercial wharf here, the landing place of the Newport and Wickford steamers, committed suicide at his home on John street yesterday by drinking carbolic acid.

The body was not discovered until this evening, when the door of his room was found locked. John Martin of New York and his wife, who are staying at the home with Mr. and Mrs. Goddard during the current celebration, forced the door and found the lifeless body of Goddard stretched

across the bed and with an empty glass, which had contained carbolic acid, by his side.

The authorities were at once notified, and the body was viewed by Medical Examiner Stewart, who gave as his verdict suicide by carbolic acid. It was also the opinion of Dr. Stewart that the life had been extinct from the body for some hours.

DANNY MAHER

AMERICAN JOCKEY GOT A REVISION
FALL.

LONDON, Aug. 8.—In the Brighton stakes today Hordwood, ridden by Danny Maher, the American jockey, fell. Maher was badly shaken up, but was able to walk through the pressure of the crowd and about fifty feet policemen to carry a way for him to the paddock, about half a mile away.

Curiously, Maher now remembers nothing of this walk or of what happened after his horse fell. The jockey's shoulder is badly bruised, but he suffered no serious injury. It probably will be three weeks before he is able to ride again.

IN PRISON

EX-MAYOR BELCHER BEINGS THE
TERM.

NEW YORK, Aug. 8.—Ex-Mayor William H. Belcher of Paterson, N. J., under sentence of 12 years imprisonment for embezzlement and forgery, was taken yesterday from the county jail in that city to the state prison in Trenton.

The removal was conducted so quietly that it was heard before it became known in Paterson that he had been taken away. Belcher is lame from rheumatism, contracted during his year of wandering while a fugitive from justice. He will, for the present, be placed in the prison hospital.

Constipation, bowel irreg-
ularity, headache dyspepsia,
torpid liver, bad kidneys,
rheumatism, disorders inci-
dent to sedentary life, posi-
tively cured by Hollister's
Rocky Mountain Tea, the
greatest American remedy.
Tea or Tablets, 35 cents.

ST. PETERSBURG, Aug. 6. (P. M.)—Premier Stolypin has gone to Peterhof to secure the approval of the appointments of Prince Vassilievitch, as minister of agriculture, M. Filozovitch as minister of commerce, and M. Iskovsky, brother of the foreign minister as procurator general of the Holy Synod.

ASKS \$299,980

DR. HENDRICK HAS SUE'D LAURA BIGGAR BENNETT.

PITTSBURG, Penn., Aug. 6. Dr. Charles C. Hendrick, who sprang into sudden notoriety in Boston some years ago by a spectacular fight in the courts on account of his friendship for Laura Biggar Bennett, the actress, has brought suit against his former friend for \$299,980 on account of professional services.

Dr. Hendrick, who lived for some time in Chelsea, Vt., at Mrs. Biggar Bennett's farm, defended many suits brought by his wife in Boston and elsewhere on Mrs. Bennett's account. The doctor alleges that he attended Mrs. Bennett at his private sanitarium for two years, and that he has been paid but \$20 during that time.

Old Orchard excursion August 20th, \$1.50 round trip. Special train via Boston & Maine railroad.

JERRY DONOVAN

IS CHALLENGED BY DAN NOLAN.

Frank B. Lowmyer of athletic fame, would like to have Jerry Donovan meet Dan Nolan at 5 o'clock Friday night at the Sun office in regard to a 100-yard race. He will make arrangements for a 400-yard race with Mr. Ayer of Lawrence should Donovan not care to run.

Barker, Miss Mary Scollon, Miss Annie T. Barker and Miss Pauline Torkensen.

GEORGE E. GAY.

GAY IS ELECTED

As Head of Haverhill Schools

HAVERHILL, Aug. 6.—The special committee of the school board, appointed to select a successor to Supt. Stanley H. Holmes, resigned, after a two-hour session last night, unanimously decided in favor of George E. Gay, former superintendent of schools in Malden.

Mr. Gay's name was chosen from more than 20 candidates, among whom were some of New England's leading educators. The committee has been seeking a candidate for three weeks, and tonight, after considering the most favorable ones, agreed upon Mr. Gay.

The salary of the office was fixed at \$2500, and the special committee, representing a sufficient number of the board, has issued a call for a special meeting of the full board for Friday evening, to have its action in choosing Mr. Gay ratified.

PRINCE'S CUP

WON BY CREW OF THE MISSOURI.

NEWPORT, R. I., Aug. 6.—Features of the carnival here yesterday were the races between crews from the battleships, the 12-oared cutter race being won by the Illinois, and the Prince of Denmark cup, for 16-oared barges, being won by the Missouri.

Both events were over a straightaway two-mile course, up Narragansett bay to the inner harbor of Newport. The contests were witnessed by thousands of people from the battleships, from pleasure boats and along the shore. The first race was for the 12-oared cutters, prizes for which were offered by the carnival committee. Eight crews entered. They represented the Illinois, Kentucky, Missouri, Kentucky, Maine, Indiana, Alabama and Iowa and finished in the order named. The Illinois crew covered the distance in 15m 10s, defeating the former champions, the Kentucky crew, by nearly a minute.

Immediately following the cutter race the 16-oared barges went over the same course. The event attracted much attention, as the ownership of the cup presented by the prince of Denmark during the visit of the British fleet last year, depended upon the outcome. Crews from the same battleships participated, finishing in the following order: Missouri, Kentucky, Kentucky, Maine, Illinois, Indiana, Iowa and Alabama. The winning crew covered the course in 15m 50s.

Archie Rosevelt went to the races on a torpedo boat with Commander Albert Gleaves from the torpedo station and a number of naval officers, including Admiral Evans, saw the races from several yachts.

A COMPLAINT

BIG PIPE ORGAN CAUSES ANNOYANCE.

NEW YORK, Aug. 6.—The pipe organ in John D. Rockefeller's Fifth avenue Baptist church is being complained of by some rich residents who are trying to leave the summer in New York in peace and quiet.

Although the church is closed, and Mr. Rockefeller is away, the organ is the busiest thing on Murray Hill. If it played hymns or even popular hits, neighbors say, it would not be so bad. But the organ keeps blowing out mad, discordant notes by the hour, and whoever is playing it seems to be trying to see how many different kinds of noise can be made at once.

One indignant rich man near the church has written to the health department, asking the officials to squelch the organ. Every afternoon about 2 o'clock, the organ begins and the racket proceeds hour after hour. The organist, he says, plays one note for five minutes at a time as loud as possible, and then begins to chase himself up and down the keyboard. He says the organ is being driven to distraction by the noise. Other people in the vicinity are also kicking.

Inquiry yesterday afternoon at the Fifth Avenue Baptist church brought the information from a man who came out of the church in his shirt sleeves, that Mr. Shelly, the organist, was out of town. He would not say who was playing the organ.

"Those people should send their complaints here and sign their names," he said.

BUTLER VETERANS.

The regular meeting of the Butler Veteran Firemen's association was held last night at its quarters, corner of Fletcher and Cross streets. Preparations for the trip to Providence Aug. 16, when the N. E. Firemen's muster will be held, were made.

The last practice squit prior to the muster will be held Friday night of this week. The Lowell Cadet Band of 28 pieces will accompany the Lowell company to Rhode Island.

James Walker, who attended a meeting of the league officials at Boston yesterday, reported at the meeting last night that he had been selected as one of the judges for the muster.

Special rates on the fare from Providence and back will be established the day of the muster. The Lowell members will leave the city soon after 6 o'clock a. m.

LEGAL NOTICES

MORTGAGEE'S SALE

By virtue of a power of sale contained in a certain mortgage deed given by Kate Foley, wife of Martin Foley, of Lowell, in the County of Middlesex and Commonwealth of Massachusetts, to Charles F. Kappler, of said Lowell, dated April 6th, 1896, and recorded in Middlesex North District Registry of Deeds in Book 350, Page 620, will be sold at public auction upon the premises on Thursday, the sixteenth day of August, 1896, at eleven o'clock in the forenoon, all and singular the premises conveyed by said mortgage deed, namely: A certain lot of land with the buildings thereon, bounded and described as follows: Beginning at a stake in the ground on the northerly side of Corbett street at the southerly corner of the premises and at the southerly corner of lot twenty-four (24) on plan entitled, "Plan of lots in Lowell belonging to Michael Corbett, surveyed August, 1875, Melvin H. Smith, surveyor"; thence northerly along said lot No. twenty-four (24) one hundred feet to a stake at lot number eight (8) on said plan; thence westerly along said lot number eight (8) thirty-three feet and four inches to a stake at land of one Supple; thence southerly along said Supple land one hundred feet to a stake at said Corbett street; thence easterly along said street thirty-three feet and four inches to the point of beginning. Containing thirty-three hundred feet, more or less, being a part of lot number twenty-five (25) on said plan, subject however, to a first mortgage of seven hundred dollars with accrued interest thereon to the Mechanics Savings Bank of said Lowell. Terms at sale.

CHARLES F. KAPPLER, Mortgagee. Lowell, Mass., July 25th, 1896.

**Thursday, Aug. 9th, 1906, at 1.30 P. M., at No. 9
Sayles Street, Opposite Power House**

I will sell at public auction the household furniture of a 22-room house that is extra well furnished, consisting of a black walnut frame plush covered parlor suit, extra parlor chairs and rocker, pictures, draperies, window shades, carpets, rugs, fancy brass-in-brass, sitting room chairs and cane rockers, dining room seating, writing desks, book cases, and bookshelves, couch, kitchen room table and chairs, china, glass sideboard, 12 of glass chairs, silver and glass ware, kitchen range and kitchen furnishings, parlor stove, iron beds, brass trimmed, oak and black walnut chamber suit, straw matting and carpets, extra dressers with plain glass mirror, commode, large hall closet, a very handsome mahogany piano. Come and see a good one. New bright piano bought but a few days ago for \$350, also piano box buggy that will be sold at the same time and place.

The lady is about to leave the city and will positively sell everything for
